to the Kindergarten
and Spring Section

a.s. 2023-2024

*Children at the center
Children matter*

*"Life-long conduct normally
depends on education."*

(S. Maddalena di Canossa)

In continuity with the educational ideal of St Magdalene of Canossa, the primary aim of our school is "***the formation of the heart***".

Our kindergarten, founded in 1931, is a public school and is inspired by its identity as a Catholic Canossian school.

Its spaces have been renewed so that to "***become itself again in a new time***".

At the centre of our work, we place the values of life, with the style that has always characterised us: firm gentleness and sweet firmness.

Through the areas of doing, feeling, thinking, relating, communicating and expressing oneself in an atmosphere of serenity and trust, we want to take care of every individuality.

It takes place in Italian and English and combines the pedagogical tradition of the Italian Infant School with the best aspects of the Anglo-Saxon educational system in order to lead children to use English as a natural means of cross-curricular and interdisciplinary communication while developing all the skills required by the Italian curriculum.

Psychomotricity (with an experienced and specialised teacher), **music education, religious education, environmental and food education, education in new media languages, citizenship education**, complete the educational offer.

The **continuity project** provides children with the necessary prerequisites for specific school learning in Primary School.

Our teachers are motivated and attentive to the individuality of each child and the groups they look after. They work in a climate of educational and didactic co-responsibility, planning and verifying as a team meaningful experience for the children of the individual sections, taking care of personal and common spaces and materials, intervening concretely on all the children of the school.

They are constantly updated by following a continuous training course organised by the school.

Particular attention is paid to the fundamental collaboration between the school and the family, to guarantee a consistency of behaviour that can only arise from shared educational choices.

SCHOOL TIMETABLE

9.00 a.m. to 3.30 p.m.

Monday to Friday
